less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee is extended by sixty days where a bull from a Non-Accredited Herd is sold to go to Accredited Premises.

#### **9. Brucellosis (Accredited Herds) Scheme**

All animals exposed for sale, except those in the Brucellosis Accredited Section, irrespective of age and vaccinal status must have passed a blood test (S.A.T.) for Brucellosis at an approved Laboratory, at less than 30 I.U. (++++) 1/10 of antibody within 14 days of the first day of the Sale. (A certificate to this effect must be made available to the Market Authority at the time of the entry to the Sale.)

Movement of cattle to the Accredited Section will be by permit (BES 13) obtained from the appropriate Divisional Veterinary Officer.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of five pence per guinea, also a Levy of three pence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.
- (c) The Auctioneers shall be entitled to charge against the owner one per cent, on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

## RULES OF COMPETITION

---

**N.B.—Only one attendant with each animal will be allowed  
in the Judging Ring**

---

1. All animals entered for competition must have had pedigree accepted for entry in Coates's Herd Book.
2. No appeal to be taken after Judges' decision.
3. None of the Competitors to be allowed to accompany or interfere in any way with the Judges while engaged in the performance of their duties.
4. The Prizes are intended for, and can only be gained by, Stock sent for *bona fide* sale, and should any prize animal be withdrawn from the Sale or sold privately, the Prize will fall to the next in order of merit.
5. All Trophies must be returned to Messrs. Macdonald, Fraser & Co., Ltd.'s Registered Office before 1st January, 1974.

### Unlicensed Bulls of the prescribed age exposed for Sale at Auction Marts

Attention has been drawn by the Secretary of State to the increasing number of unlicensed Bulls exposed for sale throughout Scotland.

In terms of the Improvement of Livestock (Licensing of Bulls) Act, 1931, the prescribed age at which all bulls must be licensed is 10 months, and applications must be submitted to The Department of Agriculture for Scotland, St. Andrew's House, Edinburgh, 1, not later than 28 days before the animals attain the prescribed age. There are no grounds for the belief that applications for licences do not require to be made until the animals are used for service.

All Bulls (10 months and over) exposed for sale must, therefore, be accompanied by the Licence issued by The Department of Agriculture for Scotland.

**All Reserve Prices to be handed to the Clerk of Sale before Nine  
o'clock on Morning of Sale Day.**

## REFERENCE TO SIRES

---

### ARDBENNIE

ARDBENNIE KEYSTONE (27377), calved 12th January, 1965—sire, Bapton Crocus Robin (22174); dam, (91620) Pittodrie Rhode Blossom by Beaufort Captive (6063).

Ardbennie Keystone was purchased by Dungarthill at Perth in February, 1966, for 1500 guineas, after being judged junior and reserve supreme champion. His progeny had many successes both in the show and sale rings and he left many good females at Dungarthill. In particular, he sired the "Cesares Cup" winner at the Royal Highland Show for three years in succession. He died this year.

ARDBENNIE MINSTREL (29253), dark roan, calved 4th May, 1967—sire, Bapton Crocus Robin; dam, Calrossie Broadhooks Bride.

Ardbennie Minstrel was purchased in Perth in February, 1969, for 1400 guineas, the top price of the sale.

ARDBENNIE ST. ANDREW (39257) was senior and supreme champion at Perth, where he was bought for the Kair and Morphie Herds. He has proved to be an outstanding breeder, having sired many groups at the Royal Highland, R.A.S.E., and Great Yorkshire Shows, and winning individuals at each. He sired the junior champion at Perth in 1972 and also the reserve group by one sire. At the Fat Stock Shows his progeny have won three Shorthorn championships at the Scottish National and at Smithfield, and in 1972, his son was baby beef steer champion at the Perth Fat Stock Show.

### CALROSSIE

CALROSSIE PHANTOM (29363), white calved 6th August, 1967—sire, Gotwick Ragusa; dam, Glastullich Roselle by Calrossie Welcome.

Calrossie Phantom, a good lengthy bull, was used extensively at Calrossie for three seasons. His first crop of bulls at Perth in 1971 won the reserve for three bulls by one sire, selling to 700 guineas. His second crop at Perth in 1972 sold at 580, 580, and 340 guineas, and one of this year's crop is being retained for use, the red Calrossie Golden Glimpse; a Poll son is also being used in the Poll section of the herd, Calrossie Top Secret (P).

CALROSSIE POWER-DRIVE (19972), red, calved 20th March, 1960—sire, Banchory Orangeman (8074); dam, (11310) Calrossie Flossy Frances by Calrossie Claymore (396198).

Calrossie Power-Drive was bought at Perth for 2000 guineas in 1961 for the Coldoch Herd, and the next year, his full brother, Calrossie Pre-Eminent, was purchased by Mr. Alan Grant for 3000 guineas as a stock bull for the Thorn Herd. He is a bull of great quality and of a beautiful, deep red colour, while his dam is generally acknowledged as one of the best cows at Calrossie, with lovely character and good lines. His grandam, Calrossie Flossy Flora, is a full sister to Calrossie Wildfire, who was used in the Coldoch Herd for three seasons and then was sold to Señor Enrique Santamarina in Argentina. At the 1962 Palermo Show, he sired the reserve two-year-old champion, who

**CALROSSIE—Continued**

was sold for the breed record price of approximately 9000 guineas. To date, the following sons have been purchased as stock bulls:—Coldoch Wellington, to Señor Mathet, Argentina; Coldoch Telstar, to Señor Lafuente, Argentina; Coldoch Wyndburgh, jointly to the Montrave and Balmullo Herds; Coldoch Premonition and Coldoch Politician, to Calrossie; Coldoch Festival, to Capt. Hampshire, M.V.O., Rhodesia; Coldoch Lochinvar, to Señor A. Clement, Argentina; and Coldoch Yesteryear, to The Hon. Mrs. Dewhurst, Ardbennie.

**CALROSSIE ROAN CHARGER (P)** (536), roan—sire, Calrossie Credit Squeeze (P); dam, Calrossie Hinny Broadhooks (P) by Armagh Eight-some Reel (P).

Calrossie Roan Charger (P), roan, was poll Shorthorn champion at Perth in February, 1971, selling for 620 guineas to Aucheneck Estates, Stirling. Before being sold he was used for two seasons at Calrossie on account of his size and background of Australian breeding. His first crop of bulls at Perth in February, 1972, sold at 1100, 1000, and 750 guineas, winning the Poll championship and reserve, and averaging £997, making him the year's top breeding sire.

**CORSINDAE**

**CORSINDAE AIR PILOT** (30039), red—sire, Dron Airman; dam, Corsindae Actress from the Bapton Actress family.

Corsindae Air Pilot, an outstanding bull of size and quality, weighted 19 cwt at 3 years of age. He was the winner of many prizes and inter-breed championships, including reserve male champion at the R.A.S.E. Show in 1970 and 1971, and breed champion at the Royal Welsh and Great Yorkshire Shows, and inter-breed champion.

**DENEND**

**DENEND GLENDROSSAN** (26168), dark roan, calved 1st March, 1964—sire, Denend Glen Lake; dam, Bapton Augusta Christine by Bapton Brave Robin.

Denend Glendrossan was champion Shorthorn at the Royal Highland Show in 1968. He is the sire of Chapelton Brigand, second-top priced bull at Perth in 1969, and now at A.I. Centre; of Chapelton Glen Fyne, stock bull for Mr. Donaldson, Louada, Canada; of Chapelton Glen Cree, stock bull for Messrs. Duggan, Sittyton, Argentina; of Woodhead Beacon, stock bull for Mr. Van Niekirk, South Africa; of Woodhead Caesar, stock bull for Mr. Gunningham, San Jorge, Argentina; and of Chapelton Firebrand, stock bull at Chapelton. Denend Glendrossan was a bull of great substance, and his sons are developing into the kind of bulls that are wanted to-day.

**DENEND GOLDEN MILLER** (28382)—sire, Denend Ragusa; dam, Denend Augusta by Beaufort Cup-Tie.

Denend Golden Miller, red, was bought for Woodhead at the 1967 Perth Sale for 2100 guineas. In 1968, he was reserve champion at the Royal Highland Show, and in 1972 he was supreme champion. He has proved to be a successful and consistent breeder at Woodhead. His sons include: Woodhead Cairngorm, 1st in his class and purchased for Calrossie; Woodhead Ensign, sold at 1500 guineas to Uppermill; and Woodhead Eglinton, champion at Perth in October, 1972.

**DENEND—Continued**

**HAROLD OF DENEND (P) (284)**—sire, Constructor (P); dam, Lavender Coronita 21st (P) (Imp. from U.S.A.).

Harold of Denend (P), a massive red bull, was used at Bapton before being inter-breed champion at the Northallerton Show, and supreme champion Beef Shorthorn at the Malton Show, and his daughters also were show champions in 1967 at the Malton and Ryedale Shows. His sire, Constructor (P), has been the only polled bull to win the male championship at the R.A.S.E. Show. Harold of Denend weighed 21 cwt. on the Great Yorkshire Showground when he was there at the show.

**KAIR**

**KAIR MARQUIS (26100)**—sire, Beaufort Graduate.

Kair Marquis was withdrawn at the Perth Sales in 1966 at 2800 guineas. He was subsequently purchased privately at a substantial figure for use in the Dron Herd, where his gets, both male and female, are most promising. He was male champion at the 1970 Royal Highland Show at Edinburgh, and also male champion at the Perthshire Agricultural Society's Show at Perth in 1970.

**LOUADA**

**CONSTRUCTOR (P) (137)**, red, calved 15th October, 1959, bred by Louada Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) Queen of Hearts A.F. 3rd (P) by Camson Better News (329171).

Constructor (P) was regarded by many as one of the best-headed Polled Shorthorn bulls in the breed. He was a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he was the **only polled bull** in the world by the great Bapton Constructor, and was from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News, who was 1st at Perth in 1949 and was reserve junior champion and a member of all the championship groups, and was later sold to the Saltoun Herd for 6000 guineas. Constructor (P) was never beaten by any Polled Shorthorn in Britain. During the show season of 1963 his winnings included male and supreme champion at the Royal Northern Show; male champion (in both the Horned and Polled competition) at Ellon; male and supreme champion at Turriff; and male and reserve supreme champion (in both the Horned and Polled competition) at Keith. In actual fact, he divided the two great Bapton cows, which were supreme champion and reserve supreme at the Royal Highland Show. He was used extensively on a lot of the old, horned, Bapton females, and over 75% of his calves out of these cows have been polled. In 1964, Constructor (P) won many prizes, including male champion at the R.A.S.E. Show—the first time this coveted award has been won by a Polled Shorthorn, and, along with Bapton Queen Janetta, represented the Beef Shorthorn in the Burke Trophy competition. In 1965, at the R.A.S.E. Show, a daughter of Constructor (P), Rona Blythesome of Bapton (P), won the female championship—the first time ever that a Polled Shorthorn has won this award, and she, along with Denend Glenlake, stood reserve in the Burke Trophy inter-breed competition. Constructor (P) weighed over one ton when going round the 1964 summer shows. He was sold to Major The Rt. Hon. R. H. Turton to head his Polled Shorthorn Herd at Upsall Castle. He finally died in September, 1969, leaving behind a grand bunch of daughters.

**SCOTSDALE**

**SCOTSDALE COINAGE** (30412), calved 26th October, 1968—sire, Scotsdale Tehran; dam, Scotsdale Rosita Clara by Scotsdale Jupiter.

**SCOTSDALE CROMARTY** (30413), calved 27th October, 1968—sire, Scotsdale Tehran; dam, Scotsdale Clipper Pandora by Rothney Juggler.

Scotsdale Cromarty and Scotsdale Coinage were purchased privately by Ardbennie from Mr. Stewart G. Bennett, Scotsdale, Ontario, and imported from Canada in February, 1970. These two stock bulls were bought because of the great scale and character of their sire, Scotsdale Tehran (whose weight is well over 2000 lbs.); because of the outstanding success of Scotsdale Short-horns throughout North America, and because they trace back almost entirely to the best imported bulls from the U.K. The young bulls offered for sale from Ardbennie and Dungarthill are the first progeny to be sold, sired by either Coinage or Cromarty, but already one son by Cromarty has achieved some success in the show ring during 1972—Dungarthill Crusader having been 1st in his class at the Royal Highland Show, the Great Yorkshire Show, and the Perth Summer Show, the only times shown. Scotsdale Cromarty himself was supreme breed champion at the Great Yorkshire Show in July, 1972. At Perth in October, 1972, another son of Scotsdale Cromarty, Ardbennie Shannon, sold for 750 guineas, one of the top prices of the sale.

**UPPERMILL**

**UPPERMILL BALLOT** (25077)—sire, Westdrums Wallace; dam, Broadhooks Beth by Westdrums Prince Ian.

Uppermill Ballot was supreme champion at the Royal Highland and R.A.S.E. Shows in 1966 and 1967. He also won the Queen's Cup at the Royal Highland Show in 1967. Broadhooks Beth was twice reserve champion at the Royal Highland and R.A.S.E. Shows.

**UPPERMILL FASCINATOR** (27403), roan, calved 14th August, 1965—sire, Uppermill Ballot; dam, Flossy Lucille by Westdrums Pablo.

Uppermill Fascinator was purchased at Perth in 1967 for 1600 guineas for use in the Dungarthill and the Coldoch Herds. He is now the senior stock bull and used exclusively at the Coldoch. His sire, Uppermill Ballot, had an outstanding showyard career, being supreme champion at the Royal Highland Show in both 1966 and 1967. His dam, Flossy Lucille, is out of Calrossie Flossy Leone, from the famous Floss family that produced both Calrossie Wildfire and Calrossie Power-Drive, which were used with success at the Coldoch. He is the sire of Coldoch Cairngorm, now stock bull at Lawton.

**UPPERMILL FORTUNE** (28489), roan, calved 26th July, 1966, bred by Mr. James Durno, Uppermill, Tarnes, Aberdeenshire—sire, Denend Champion (24993); dam, Flossy Laura (127353).

Uppermill Fortune was reserve supreme champion at the Perth February Show and Sale in 1968. He was purchased for the Baldowrie Herd because he was considered to have the size and substance necessary to put those extra hundredweights into his progeny. He has an outstanding head showing all the masculine attributes, marvellous quality fleshing, and legs with great flat bones.

**UPSALL**

**CAPTAIN COOK OF UPSALL (P) (555)**, light roan—sire, Cropwell Wraith (P) (367); dam, (848) Lavender Coralie of Westdrums (P) by Camson Design (P).

Captain Cook of Upsall (P) has proved to be a popular breeder at Upsall, and his first four sons have been sold privately as calves for a high figure. In 1971, Captain Cook was sold to Mr. Stewart McKenzie of Wanganui, New Zealand. This line of Lavenders has bred many great bulls, many of which have been sold to South Africa, Canada, and New Zealand.

**PRINCE ARTHUR OF UPSALL (P) (517)**—sire, Royal Leader of Bapton (P) (328); dam, (450) Victoria Muriel of Bapton (P).

Royal Leader of Bapton was a bull of exceptional size. Victoria Muriel of Bapton (P) was the dam of Paragon of Denend, exported to Miller Farms, Ontario, Canada. Prince Arthur of Upsall was 1969 supreme champion at the Ryedale Show, and male champion at the 1971 Malton Show. He is a proved 100% dehorner. He has a son in Russia and a daughter in New Zealand. At Perth in 1972 his two sons averaged £414.

**WOODHEAD**

**WOODHEAD CAIRNGORM (29946)**, dark roan, calved 28th June, 1968—sire, Denend Golden Miller; dam, Woodhead Sara Clipper by Saltoun Orderly.

Woodhead Cairngorm was 1st in his class at Perth in 1969, and cost 1000 guineas. He was bought for his size, length, and general goodness, and has developed into a great bull altogether. His calves show a good amount of "stretch," and most of the Calrossie females are in calf to him for the third time. These three sons here at Perth are his first to be sold. His sire was a worthy supreme champion at last year's Royal Highland Show, though well over six years old, and his dam is from the Millhills Fair Clipper family—good, substantial cattle beasts.

SUBJECT: 1. POLYMERIZATION OF VINYL MONOMERS  
 2. KINETICS OF POLYMERIZATION

1. The following data were obtained from the polymerization of vinyl monomers in the presence of various catalysts. The data show that the rate of polymerization is proportional to the concentration of the catalyst raised to the power of 1/2. This indicates that the reaction is a free-radical polymerization. The data also show that the rate of polymerization is proportional to the concentration of the monomer raised to the power of 1. This indicates that the reaction is a first-order reaction with respect to the monomer. The data also show that the rate of polymerization is proportional to the concentration of the initiator raised to the power of 1/2. This indicates that the reaction is a second-order reaction with respect to the initiator.
